1 Pursuant to the minutes of the Scheduling/Status Conference(s), the parties  
2 submit a brief status report:

3 The parties have begun the discovery process. Plaintiff has propounded  
4 requests for production and interrogatories on some Defendants. Some Defendants  
5 have also propounded discovery and DSS has served responses. DSS has served  
6 infringement contentions to all Defendants. To facilitate the coordination of  
7 discovery, Defendants Everlight Electronics Co., Ltd. and Everlight Americas, Inc.  
8 (“Everlight”) will invite co-defendants to review Everlight’s discovery to minimize  
9 duplication, and Everlight is also asking DSS to provide DSS’s discovery responses  
10 to all Defendants, regardless of the party that served the request(s). All Defendants  
11 have been served with a summons and complaint, except for Lite-On Technology  
12 Corporation, OSRAM GmbH, OSRAM Opto Semiconductors GmbH & Co. and  
13 OSRAM Licht AG. DSS is proceeding under The Hague Convention to serve these  
14 foreign entities.

15 Defendants Seoul Semiconductor Co., Ltd. and Seoul Semiconductor, Inc.  
16 (“Seoul”) recently filed petitions for *inter partes* review in the Patent Office against  
17 all claims of the three patents—U.S. Patent Nos. 7,524,087 (IPR2018-00522),  
18 7,256,486 (IPR2018-00333), and 6,949,771 (IPR2018-00265)—DSS has asserted  
19 against Seoul. Seoul intends to move for a stay of the litigation pending resolution  
20 of *inter partes* review. Defendants Everlight Electronics Co., Ltd. and Everlight  
21 Americas, Inc. intend to also file petitions for *inter partes* review in the Patent Office  
22 against the patents asserted against Everlight. Everlight expects to file petitions  
23 against all claims of U.S. Patent Nos. 7,524,087, 7,256,486, and 6,949,771 before  
24 the end of March, and its petition against U.S. Patent No. 7,919,787 around or before  
25 May of 2018. Everlight also intends to move for a stay of its litigation pending  
26 resolution of *inter partes* review.

27 There are currently no other ripe disputes requiring resolution.

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
