MARISOL ORDAZ : J. D. OF FAIRFIELD
VS. : AT BRIDGEPORT
MATHIS T. AMBLER;
RAYMOURS FURNITURE COMPANY, INC. : AUGUST 4, 2021

DISCLOSURE OF EXPERT WITNESS

Pursuant to Practice Book Section 13-4(4), the plaintiff, **MARISOL ORDAZ**, discloses **ROBERT PESALE, D.C.**, of Stratford Chiropractic Spine & Injury Center, 2505 Main Street, Stratford, CT 06604, as an expert witness. Dr. Pesale will testify that as a result of the motor vehicle accident of August 6, 2019, the plaintiff, suffered:

Low back pain with radicular symptoms to the left lower extremity; upper back pain; stiffness, tenderness, trigger points, muscle spasms and restricted range of motion; chronic soft tissue injury to the cervicothoracic spine with myospasm, hypolordosis, and ligamentous laxity; chronic soft tissue injury to the lumbosacral spine with myospasm; lumbosacral and cervicothoracic myofascitis, which has resulted in a 5% whole body cervical spine impairment, which converts to a regional permanent impairment of 14% and a 5% whole body lumbar spine impairment, which converts to a regional permanent impairment of 7% (DRE Category II injury) and is directly related to the accident of August 6, 2019. This rating is in accordance with the AMA Guides to the Evaluation of Permanent Impairment, 5th Edition.

Dr. Pesale's opinion will be based upon his treatment and observations of plaintiff and his review of the plaintiff's medical records, in conjunction with his training, education, and experience as a chiropractic physician. Dr. Pesale's Final Narrative Report dated September 16, 2020, is annexed hereto.

Dr. Pesale further opines that the plaintiff may require additional office treatment for exacerbations. This treatment would be at a frequency of approximately 4-6 times per year. The cost of the treatment would range from \$65-250 per treatment depending upon the modalities and diagnostic testing utilized.

Dr. Pesale will also provide an opinion regarding the limitations plaintiff can expect to have in the future as a result of the injuries suffered, treatment provided to plaintiff and the prognosis for plaintiff.

These opinions may be introduced by way of written records and reports previously disclosed with plaintiff's compliance and/or through court testimony.
