## ORDER

On 27 April 2021, the Court entered a modified claim construction briefing schedule. *See* Order, ECF No. 54. On 19 July 2021, plaintiffs filed an unopposed motion to modify the claim construction schedule “to provide [p]laintiffs additional time to review and consider [the government’s] invalidity contentions in this matter.” *See* Pls.’ Unopposed Mot. to Amend the Scheduling Order, ECF No. 56 at 1. Plaintiffs represent the parties have met all previous claim construction deadlines set by the Court in the 27 April 2021 order. *Id.* at 1–2.

In support of their motion to modify the claim construction schedule, plaintiffs note “the [g]overnment’s invalidity contentions set forth 62 separate invalidity contentions based on alleged prior art either alone or in combination” and “the [g]overnment additionally advanced three invalidity contentions based on obviousness-type double patenting that also includes alleged prior art.” *Id.* at 2. Plaintiffs state they “require additional time to consider the multiplicity of invalidity theories advanced by the [g]overnment as well as the [g]overnment’s supplemental invalidity contentions before engaging in claim construction in this matter.” *Id.* For good cause shown, plaintiffs’ unopposed motion to modify the claim construction schedule is **GRANTED**. The Court **ADOPTS** the following modified claim construction briefing schedule.

Event	Prior Deadline	New Deadline
The government supplements its invalidity contentions	N/A	26 July 2021
Parties exchange claim terms for construction	20 July 2021	3 September 2021
