

EXHIBIT E

Exhibit E

Infringement of U.S. Patent No. 8,624,883 by the Camera Feature of the Facebook Messenger Application for Mobile Devices

883 Patent Claim Language	Infringement by the Camera Feature of the Facebook Messenger Application for Mobile Devices
<p>1 Preamble. A system to enable appearance comparison, the system comprising:</p>	<p>Regardless of whether the preamble of claim 1 is limiting, the Camera feature of the Facebook Messenger Application for Mobile Devices (“Messenger App”) is a system that enables the comparison of appearances. The Camera feature captured the images below. The first image of the woman (appearance 1) can be compared with the second image of the woman (appearance 2) in which the woman has butterfly glasses and a filter associated with the virtual effect has been applied.</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;"> <p><u>Appearance 1</u></p>  </div> <div style="text-align: center;"> <p><u>Appearance 2</u></p>  </div> </div>

883 Patent Claim Language	Infringement by the Camera Feature of the Facebook Messenger Application for Mobile Devices
1a. at least one interactive imaging and display station connected to a network, the station comprising:	A user's mobile device running the Camera feature of the Messenger App can capture and display images and is connected to the Internet.
1b. a mirror-display device capable of selectably operating in mirror mode, a display mode, or both a mirror and a display mode;	<p>The Camera feature of the Messenger App can capture a mirror image of the user in real time (Mirror Mode), a previously captured image (Display Mode), or both a Mirror Mode and a Display Mode. This can be seen in the images below.</p> <div style="display: flex; justify-content: space-around; align-items: center;"> <div style="text-align: center;"> <p><u>Mirror Mode</u></p>  </div> <div style="text-align: center;"> <p><u>Display Mode</u></p>  </div> </div> <p><u>Mirror Mode & Display Mode</u> In the images below, the previously captured image is of a map. The previously captured image is displayed as a thumbnail in the lower left hand corner of the mirror-image of the user also on the display in the images below.</p>

883 Patent Claim Language	Infringement by the Camera Feature of the Facebook Messenger Application for Mobile Devices
	<p data-bbox="814 269 1167 305">Previously Captured Image</p>  <p data-bbox="793 743 1188 779">Mirror Mode & Display Mode</p>  <p data-bbox="1392 743 1787 779">Mirror Mode & Display Mode</p> 

883 Patent Claim Language	Infringement by the Camera Feature of the Facebook Messenger Application for Mobile Devices
<p>1c. an imaging device to capture video of one or more appearances from a field-of-view in front of said mirror-display device;</p>	<p>The Camera feature of the Messenger App uses the mobile device camera to capture video of the field-of-view in front of the user’s mobile device screen as shown in the images below.</p> <div style="display: flex; justify-content: space-around; align-items: center;">   </div>
<p>1d. a storage device to store the video; and</p>	<p>The Messenger App allows the user to select settings for saving images captured by the Camera feature. The user can select to automatically save images captured by the Camera feature of the Messenger App. The images will be saved in the camera roll of the user’s mobile device.</p>

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
