MEMORANDUM OPINION

On May 15, 2019, acting pursuant to the International Emergency Economic Powers Act (“IEEPA”), 50 U.S.C. §§ 1701–08, among other authorities, the President declared a national emergency relating to the “unrestricted acquisition or use in the United States of information and communications technology or services . . . supplied by persons owned by, controlled by, or subject to the jurisdiction or direction of foreign adversaries.” On August 6, 2020, the President invoked that national emergency declaration; determined that additional steps were necessary with respect to Plaintiffs TikTok and its Beijing-based parent company ByteDance; provided that certain transactions with ByteDance or its subsidiaries would be prohibited; and directed the Secretary of Commerce to identify the prohibited transactions within forty-five days. On September 18, 2020, the Secretary published a list of five transactions to be prohibited with respect to ByteDance and its operations within the United States, and on September 19, revised the implementation date for one of the sets of prohibitions and re-published the list of prohibited transactions.
