**Re: 2022 Tabletop & Functional Exercise Plan & Schedule
Mongaup River Hydro System:**

FERC No. P-10482-NY Swinging Bridge, Toronto, and Cliff Lake
FERC No. P-10481-NY Mongaup Falls
FERC No. P-9690-NY Rio Reservoir

Dear Mr. Spain,

Eagle Creek Hydro Power, LLC is filing with the Commission, a plan and schedule for the upcoming 2022 Emergency Action Plan Tabletop and Functional exercises. The dates for the exercises have been chosen with the participating stakeholders' availability in mind and have been determined with the goal of fostering the greatest participation possible. After careful consideration, the Tabletop Exercise is scheduled to take place virtually, on **Wednesday, September 28, 2022 beginning at 9:00 am** Eastern Time with the Functional Exercise taking place virtually, on **Tuesday, October 4, 2022 beginning at 11:00 am** Eastern Time. Agendas will be distributed prior to the dates of the events.

Participants will be encouraged to bring their copy of the Emergency Action Plan to the virtual meetings, however, a copy of the most current Emergency Action Plan dated January 2022, will be available to participants in the resources section for these exercises. The objectives of these exercises are to verify the notification process, demonstrate incident classification and decision-making strategies, review potential mitigation efforts and coordination, create an understanding of the EAP responsibilities, demonstrate responsibility for public notification and evacuation, and to revise and enhance the EAP.

Although FERC participation is not mandatory, we respectfully request the presence of a FERC representative to participate in each of these exercises. A formal, virtual invitation will be emailed to Mr. Vaikunthan Navaratnam with the assumption that this invitation will be forwarded to the appropriate FERC personnel upon receipt.

Eagle Creek Hydro Power, LLC

Re: Mongaup River System Dams
2022 Tabletop & Functional Exercise Plan & Schedule

May 4, 2022

Should you have any questions regarding these exercises, please do not hesitate to contact Ms. Chelsey Goebel at (920) 216-7608 or by e-mail at Chelsey.Goebel@eaglecreekre.com.

Sincerely,
Eagle Creek Hydro Power, LLC

Dusty Myers
Chief Dam Safety Engineer

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
