888 First Street, N.E.
Washington, DC 20426

ATTN: OEP/DHAC

Dear Secretary Salas:

Mokelumne River Project - FERC No. 137, Project Exhibit Drawings

This letter is a re-submittal of the G series exhibit drawings for the Mokelumne River Project for your approval. During the course of the past several months, many conversations and meetings have occurred with your staff regarding what methodology could best be utilized with the technological systems available to comply with Commissions 2003 Order No. 2002 (Hydroelectric Licensing under the Federal Power Act), III FERC Stats. & Regs. ¶31,150 ("Order No. 2002"). Mr. Kirk Cover of your staff was a valuable resource in helping Pacific Gas and Electric Company work through this process. For your approval, enclosed you will find a compact disk containing the following non-Internet public information (NIP), which meets the Commission's regulations at 18 CFR ¶388.112:

- Tiff Exhibit Drawings G-1 through G-20
- Boundary Vector Data
- Federal Lands Vector Data
- Reference Point Data

Additionally, you will find hardcopies of the G-1 through G-20 Tiff exhibit drawings.

By copy of this letter we are submitting one copy of the material with the Commission's Division of Dam Safety and Inspections San Francisco Regional Office.

Honorable Magalie R. Salas
