Brookfield

Renewable

Dear Secretary Bose:

This report is submitted by Brookfield Renewable Partners L.P. (Brookfield) on behalf of the licensees of the above projects. In accordance with Paragraph (c) of the Commission's Use and Occupancy Article, the licensees for the above projects are required to file an annual report by January 31 describing prior year conveyances of any leases, rights-of-way across, or easements on FERC project lands for any of the following:

1. Replacement, expansion, realignment, or maintenance of bridges or roads where all necessary state and federal approvals have been obtained;
2. Storm drains or water mains;
3. Sewers that do not discharge into project waters;
4. Minor access roads;
5. Telephone, gas, and electric utility distribution lines;
6. Non-project overhead electric transmission lines that do not require erection of support structures within the project boundary;
7. Submarine, overhead, or underground major telephone distribution cables or major electric distribution lines (69-kV or less); and
8. Water intake or pumping facilities that do not extract more than one million gallons per day from a project reservoir.

During the year 2022, Brookfield issued use and occupancy conveyances at the following Projects, that occurred on project lands under the annual reporting requirements that require year-end notification to the Commission.

Penobscot Mills Project (FERC No. 2458-ME – Ambajejus Lake permit to relocate rocks below elevation 491.2 feet to Dimitri Voicechovski.

Penobscot Mills Project (FERC No. 2458-ME) – Ambajejus Lake permit to relocate rocks below elevation 491.2 feet to Robert and Leslie York.

Mattaceunk Project (FERC No. 2520-ME) – Transmission Line Crossing Permit.

Penobscot Mills Project (FERC No. 2458-ME) – South Twin Lake permit to Install Rip-rap along shoreline below elevation 491.2 feet to Robert and Leslie York.

Lockwood Project (FERC No. 2574-ME) - Easement to State of Maine Dept. of Transportation for new Bridge Abutments and construction Easements
