Subject: Inspection Follow-up

Dear Mr. Borlang:

We received your April 25, 2017 filing containing the plan and schedule for installing a sign in conformance with Part 8.2(a) of the Commission's regulations at the river overlook/boat launch facility at the Sewalls development. This item was noted during my 2016 Environmental Inspection of the Black River project. Your filing states that the sign will be designed and installed by August 1, 2017.

Your schedule is acceptable. Within 15 days of the date of installation please provide this office with confirming photographs of sign installation. If you have any questions, please contact me at (212) 273-5917 or by email at joseph.enrico@ferc.gov.

Sincerely,

Joseph G. Enrico
