In the Matter of

CERTAIN HUMAN MILK
OLIGOSACCHARIDES AND METHODS
OF PRODUCING THE SAME

Inv. No. 337-TA-1120

**ORDER NO. 9: GRANTING UNOPPOSED MOTION OF NON-PARTY
FRIESLANDCAMPINA INGREDIENTS NORTH AMERICA, INC.
FOR A SECOND EXTENSION OF TIME TO MOVE TO LIMIT,
QUASH, OR OTHERWISE RESPOND TO SUBPOENA *DUCES
TECUM* AND *AD TESTIFICANDUM***

(September 4, 2018)

On August 31, 2018, non-party FrieslandCampina Ingredients North America, Inc. ("FCINA") moved (1120-005) to extend the deadline to respond to and/or move to limit or quash the subpoenas *duces tecum* and *ad testificandum* served by Respondent Jennewein Biotechnologie GmbH. FCINA requests that it receive an extension up to and including September 11, 2018.

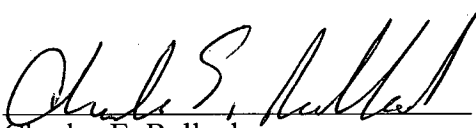

(Mot. at 1-2.) FCINA explains:

FCINA and its outside counsel requires additional time to continue their investigation of the document requests contained in the subpoena *duces tecum*. FCINA also seeks the additional time to negotiate with Respondent to reach mutual agreement on the scope of the document requests and deposition. FCINA and Respondent have had discussions and FCINA is hopeful that through these discussions, FCINA and Respondent can come to a mutual understanding regarding the scope of FCINA's response to the subpoenas and therefore avoid motion practice. If, however, negotiations fail, an extension of time will allow FCINA to draft motions to limit or quash the subpoenas. Since there are still approximately two months left in fact discovery, the requested extension of time will not cause any prejudice to Respondent.

(*Id.* at 2.) FCINA represents that Respondent Jennewein Biotechnologie GmbH, Complainant Glycosyn LLC, and the Commission Investigative Staff do not oppose the motion. (*Id.* at 1.)

Good cause having been shown and there being no opposition, FCINA's motion (1120-005)
is hereby granted.

SO ORDERED.
