Re: *Certain Light-Based Physiological Measurement Devices and Components Thereof, Inv. No. 337-TA-1276; Letter to Secretary Barton Regarding Confidential Treatment of CBP Letter*

Dear Ms. Frazier:

The Secretary is in receipt of your *Letter to Secretary Barton Regarding Confidential Treatment of CBP Letter*, filed November 2, 2023 (EDIS Document ID 807663 (confidential version); EDIS Document ID 807664 (public version)) on behalf of Apple Inc., in which you request that the Commission correct the October 26, 2023, correspondence to Branch Chief Dax Terrill transmitting the limited exclusion order (EDIS Document ID 807051) by removing the names of importers other than Apple Inc. and/or designate the information submitted by Apple as confidential business information (“CBI”) under the Administrative Protective Order.

The importer names at issue were included in Exhibit C to Apple’s Stipulation Relating to Importation and Inventory, EDIS Document ID 770046, filed as a confidential document before Judge Bhattacharyya. Because the confidential designation of the identity of the importers had not been determined before Judge Bhattacharyya or in subsequent filings on the record, the Commission has undertaken that determination. After reviewing your letter, the Commission grants your request and has reissued the October 26, 2023, correspondence as a confidential and a public version with the names of importers other than Apple Inc. redacted.

If you have questions, please contact me at 202-205-1802.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lisa R. Barton', enclosed in a circular flourish.

Lisa R. Barton
Secretary to the Commission
