II.	SUMMARY OF PARTIES					
III.	FACTUAL ALLEGATIONS					
	A.	Agri Stats enabled competitors to directly exchange, and restrain, supply and cost.				
		1.	Agri Stats' detailed pricing reports provide competitors with a view of the entire market, removing all question of competition on price.	9		
		2.	Beyond the pricing reports themselves, Agri Stats allowed the pork processors to directly access sales data through a "sales data miner" tool.	21		
		3.	Just in case weekly sales reports and data mining were not enough to ensure the lack of pricing competition, Agri Stats also provided colorful graphs to highlight any differences in competitors' prices.	26		
		4.	The Operations Profit Report provided competitors with information on the profitability of their competitors — allowing a further means to detect any cheating on the cartel.	30		
		5.	The Agri Stats Swine Processing Report provided detailed information regarding costs of the competitors.	34		
	B.	Agri Stats' collection and standardization process provided pork processors the unparalleled ability to monitor, or discipline coconspirators for not complying with their collusive agreement		39		
		1.	Agri Stats audited the data to ensure co-conspirators could not cheat on the agreement	40		
		2.	Agri Stats guaranteed to the co-conspirators that its competitors were equally participating in the scheme	43		
		3.	Agri Stats acted as a gatekeeper, preventing public access to the reports, ensuring that the conspiracy went undetected	46		

C.	Agri proc	Agri Stats reports were easily deanonymized by the pork processors.				
D.	Agri Stats succeeded in orchestrating the pork conspiracy because it leveraged its success in the chicken industry, and because both industries are controlled by the same companies					
	1.	Agri Stats is a repeat offender, playing a crucial role in a similar price-fixing and supply constraint conspiracy in the sale of chickens.	50			
	2.	The same companies own both chickens and pigs	52			
E.	proc	endants' conspiracy had its intended effect, with pork sessors lowering supply during the class period both in the regate, and individually.	53			
F.	Defe of po	endants' conspiracy had the intended effect of raising prices ork during the class period.	61			
	1.	The average hog wholesale price experienced an unprecedented increase beginning in 2009.	62			
	2.	The pork cut-out composite price experienced a dramatic increase beginning in 2009 and continuing throughout the class period.	63			
	3.	Pork processors' margin increased beginning in 2009 showing a statistically significant break from the pre-class period.	63			
	4.	Defendants' revenues increased beginning in 2009, even taking into account defendant-specific costs	65			
	5.	Overcharges due to the cartel were passed through to the indirect purchaser class.	67			
G.	The	The structure of the pork processing industry allowed the conspiracy to succeed.				
	1.	The pork industry is nearly fully vertically integrated, which allowed the scheme to succeed	70			
	2.	The level of concentration in the pork industry was	72
