Evaluate VMware ESX Server

Thank you for your interest in evaluating VMware ESX Server. Requests for VMware ESX Server evaluation licenses are reviewed by the VMware sales team. Because of the product's hardware requirements and advanced features, we will contact you to develop a system configuration and test plan that will ensure a successful evaluation. In order to expedite approval of your request, please include your full street address, telephone number and email address in your request.

To start the process, click the email link below:
