

Submitted on behalf of Seymour Levine

UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

THE BOEING COMPANY
Petitioner,

v.

SEYMOUR LEVINE
Patent Owner

Case IPR2015-01341

Patent RE039,618

**DECLARATION OF FREDERICK A. LORIG IN SUPPORT *PRO HAC*
VICE ADMISSION UNDER 37 C.F.R. § 42.10**

I, Frederick A. Lorig, declare as follows:

1. I am a partner at the law firm Quinn Emanuel Urquhart & Sullivan LLP. I make this declaration in support of Patent Owner Seymour Levine's Motion for Frederick A. Lorig to Appear *Pro Hac Vice* Under 37 C.F.R. § 42.10, filed in the above-captioned IPR No. 2015-01341.
2. I have more than forty years of litigation experience and have litigated numerous patent cases in federal district courts and before the United States Court of Appeals for the Federal Circuit. Attached as **Exhibit A** is a true and correct copy of my professional biography as provided by Quinn Emanuel Urquhart & Sullivan LLP.
3. I am a member of the Los Angeles Intellectual Property Law Association (LAIPLA), Association of Business Trial Lawyers, and the American, Federal and California Bar Associations.
4. I am counsel of record for Patent Owner Seymour Levine in the related district court litigation, *Seymour Levine v. The Boeing Company*, Case No. 2:14-cv-1991-RSL (W.D. Wash.), concerning U.S. Patent No. RE39,618. Attached as **Exhibit B** is a true and correct copy of the docket from that proceeding, which shows that I have appeared as lead counsel in that lawsuit on behalf of Seymour Levine. I am very familiar with the '618 Patent and the subject

matter of the current *inter partes* review proceeding as a result of my position as Mr. Levine's lead counsel in the related district court litigation.

5. I was admitted to practice law in California on December 19, 1973. My bar number is 057645. I remain in good standing as a member of the California bar. Attached as **Exhibit C** is a true and correct copy of my bar status from the State Bar of California.

6. I have been admitted to the practice in the following courts: U.S. Supreme Court; U.S. Court of Appeals, Federal Circuit; U.S. Court of Appeals, Ninth Circuit; USDC, Southern District of California; USDC, Northern District of California; USDC, Central District of California; U.S. Claims Court; and all California state courts.

7. I have never been suspended or disbarred by any court or administrative body. Nor have I ever been disciplined by a court, bar association, or committee thereof that would reflect unfavorably upon my conduct, competency or fitness as a member of the Bar. No sanctions or contempt citations have been imposed upon me by any court or administrative body.

8. I previously applied to appear *pro hac vice* before the Patent Trial and Appeal Board regarding the appeal associated with the *ex parte* reexamination of U.S. Patent No. 6,115,690, Control No. 90/010,987, Appeal 2014-007772. That

application was denied for a failure to show good cause “[i]n view of the specifics of [that] *ex parte* reexamination proceeding.”

9. I have read and will comply with the Office Patent Trial Practice Guide and the Board’s Rules of Practice for Trials set forth in part 42 of 37 C.F.R. I also understand that I am subject to the USPTO Rules of Professional Conduct set forth in 37 C.F.R. §§ 11.101 et seq. and disciplinary jurisdiction under 37 C.F.R. §§ 11.19(a).

10. I understand that I would be admitted for the limited purpose of appearing in the case specified above only.

I declare under penalty of perjury under the laws of the United States that the foregoing is true and correct.

Executed July 19, 2016, at Los Angeles, California.

Biography

Fred Lorig has acted as a lead trial lawyer before juries for over 30 years. Fred is a trial lawyer not merely a litigator. Fred has been listed in Best Lawyers in America, named a Southern California Super Lawyer and his trial victories have been featured in numerous publications including the National Law Journal, American Lawyer, the Wall Street Journal and the Los Angeles Times. Fred has specialized in litigation involving complex technology since 1976 when he defended his first trade secret case involving computer networks where he obtained an injunction and his first Patent case where he obtained a finding of inequitable conduct and an award of attorneys fees. Fred joined Quinn Emanuel in January 2006 as Co-Chair of our National Trial Practice and was recently named Co Chair of Intellectual Property Litigation.

Fred has represented clients in both intellectual property and antitrust matters and obtained plaintiffs verdicts in excess of \$ 2 billion before trebling , including \$1.2 billion for patent infringement in Litton v. Honeywell, which was later settled for \$440 million. Fred has been lead trial counsel in efforts to license a number of patent portfolios and has obtained licensing revenues of in excess of \$1 billion. One patent portfolio, where Fred acted as lead trial counsel, included actions against 11 defendants involving patents on the smart battery management used in all notebook computers and obtained license fees for his client of approximately \$250 million. Eight of these disputes were resolved by judgments in his client's favor, three by cross license with payments by each cross licensee in confidential amounts of 8 figures each. At the same time, Fred has been lead counsel in a similar effort to license Stanford's pioneering patent on optical fiber amplifiers which is

exclusively licensed to Northrop Grumman . In addition to judgments against Corning, Nortel and Alcatel, Fred obtained licenses for his client on advantageous terms in a total amount exceeding \$200 million. Fred has also acted as lead defense lawyer in numerous cases for Fortune 100 companies resulting in either dismissals or settlements on favorable terms including the payment of attorneys fees to his client. Fred originally acted a lead counsel in our firm's efforts to defend Nokia in a worldwide patent war against Qualcomm, Fred has recently tried 3 patent cases to verdict and is currently acting as lead trial counsel for Intertrust v Apple where Intertrust is seeking a license payment for Apple's alleged used of Intertrust's Digital Rights Management portfolio in Apple's iPhones, iPads, iPods, App Store and iTunes store. Intertrust is seeking a payment from Apple at least proportionate to the \$440 million license fee paid by Microsoft.

Representative Clients

- Fred's clients include Intertrust, City University of New York, Stanford University, Northrop Grumman, IBM, Thomson, General Electric and Teledyne.

Notable Representations

- Represented Unova as lead trial counsel in a large patent litigation against Hewlett Packard ("HP"). After HP obtained summary judgment, we appealed to the Federal Circuit who unanimously reversed and instead ordered summary judgment in favor of Unova. Thereafter, the case was settled for \$23 million only days prior to trial, when HP asked for a mediator and paid for a license under the patents. HP thereby joined the following companies who licensed the patents after suit was filed: Toshiba (License); Compaq (Judgment); Dell (Judgment); IBM (Judgment); NEC (Judgment); Matsushita/Panasonic (Judgment); Fujitsu (Judgment); Acer (Judgment); Gateway (Judgment) and Apple (Judgment). Pursuant to those licenses, Unova has obtained almost a quarter billion dollars to date.
- Represented Northrop as lead trial counsel against Hewlett Packard in a patent infringement case which settled for a confidential sum only days before trial.
- Represented Allred Pool Supply as lead trial counsel against Pool Water Products and obtained a judgment of monopolization, trebled damages, attorneys fees and an injunction.
- Represented Litton as co lead trial counsel against Honeywell in a successful monopolization case. This is believed to be the largest non-class action antitrust verdict in California, over \$700 million after trebling.
- Represented Celeritas Technologies as lead trial counsel against Rockwell International Corp., obtaining a judgment of \$64 million for willful infringement and breach of non-disclosure agreement involving later patented technology on the wireless transmission of data over cellular

systems.

- Represented Litton as lead trial counsel against Honeywell and received a verdict of \$1.2 billion for willful patent infringement and interference with contract and prospective business advantage. At the time, the largest patent infringement verdict in U.S. history. Ultimately settled for \$440 million after two retrials ordered by the Federal Circuit following erroneous JMOL and summary judgment.
- Represented Litton Systems as lead trial counsel against Ssangyong Corp. in a case involving the theft of the fire control radar for a military aircraft. Established that Section 44 of the Lanham Act creates a Federal Cause of Action for Trade Secret Misappropriation against a foreign corporation. A confidential financial settlement in 8 figures was reached, along with the abandonment of efforts to illegally export military technology to the Far East.
- Represented a university professor as lead trial counsel in a patent infringement case involving recombinant DNA technology resulting in a jury verdict of \$50 million plus a 6% royalty.
- Represented an individual inventor as lead trial counsel in a patent case involving computer firmware, obtaining a \$44 million award following a verdict of willful infringement. Represented the same inventor as lead trial lawyer in an earlier case which settled on confidential terms while the jury was deliberating.
- Represented Teledyne Industries, Inc., establishing that the disclosure of an opinion on patent validity or infringement submitted in defense of a charge of willful infringement waived the entire subject matter of the privilege including trial counsel. Defended Teledyne in numerous cases including one resulting in a payment of attorneys fees to Teledyne because of the patentee's inequitable conduct.
- Represented Litton as lead trial counsel against Allied in a complex patent, trade secret and RICO case that settled on the first day of trial resulted in the defendant withdrawing its products from the market while paying Litton a very substantial but confidential sum in 8 figures.
- Represented Litton as lead trial counsel against Honeywell, successfully defending their failed attempt to use their patent portfolio to drive its only competitor from the market place. Obtained license under all Honeywell patents on product line for a token payment of a few hundred thousand dollars.

Practice Areas

- Antitrust and Competition
- Intellectual Property Litigation
- International Trade Commission Proceedings
- Israel Practice
- Satellite and Aerospace Litigation

- Patent Litigation
- Trade Secret Litigation
