IPR2016-00371  
Patent 8,561,619 B1

On July 7, 2016, counsel for Patent Owner, EMED Technologies Corp., contacted the Board requesting to change Due Date 7 in the Scheduling Order for this proceeding (Paper 14), which is the date for an oral argument, due to a scheduling conflict. Patent Owner indicated that both counsel for Patent Owner and counsel for Petitioner, Repro-Med Systems, Inc., are available the week of March 20, 2017 for an oral argument. Patent Owner makes this request eight months prior to the scheduled date for oral argument, March 8, 2017. The panel is available on March 20, 2017.

In consideration of the foregoing, it is hereby ORDERED that the Scheduling Order for this proceeding be modified to change Due Date 7—the date for oral argument, if requested—from March 8, 2017 to March 20, 2017.
