SCHEDULING ORDER

37 C.F.R. § 42.5

¹ Because this Order sets forth a consolidated trial schedule for the above-identified cases, we issue one order to be entered in each case. The parties, however, are not authorized to use this style heading in subsequent papers.

IPR2016-01000 (Patent 9,038,656 B2)

IPR2016-01003 (Patent 8,261,761 B2)

A. GENERAL INSTRUCTIONS

1. Requests for an Initial Conference Call

Unless at least one of the parties requests otherwise, we will not conduct an initial conference call as described in the Office Patent Trial Practice Guide, 77 Fed. Reg. 48,756, 48,765–66 (Aug. 14, 2012). In lieu of such a call, we instruct the parties as follows:

- a. If a party wishes to request an initial conference call, that party shall request the call no later than 25 days after the institution of trial;
- b. A request for a conference call shall include: (a) a list of proposed motions, if any, to be discussed during the call and (b) a list of dates and times when the parties are available for the call; and
- c. The parties shall be prepared to discuss during the initial conference call their concerns, if any, relating to the schedule in these proceedings as set forth below.

Absent good cause shown, we will not conduct an initial conference call later than 30 days after the institution of a trial.

2. Protective Order

A protective order does not exist in these proceedings unless the parties file one and the Board approves it. We encourage the parties to adopt the Board's default protective order. *See* Default Protective Order, Office Patent Trial Practice Guide, 77 Fed. Reg. 48,756, App. B (Aug. 14, 2012). If the parties choose to propose a protective order deviating from the default protective order, they must submit the proposed protective order jointly along with a marked-up comparison of the proposed and default protective orders showing the differences.

IPR2016-01000 (Patent 9,038,656 B2)

IPR2016-01003 (Patent 8,261,761 B2)

The Board has a strong interest in the public availability of the proceedings. We advise the parties that redactions to documents filed in these proceedings should be limited strictly to isolated passages consisting entirely of confidential information, and that the thrust of the underlying argument or evidence must be clearly discernible from the redacted versions. We also advise the parties that information subject to a protective order will become public if identified in a final written decision in these proceedings, and that a motion to expunge the information will not necessarily prevail over the public interest in maintaining a complete and understandable file history. *See Office Patent Trial Practice Guide, 77 Fed. Reg. at 48,761.*

3. Motions to Amend

Patent Owner may file a motion to amend without prior authorization from the Board. Nevertheless, the Patent Owner must confer with the Board before filing such a motion. 37 C.F.R. § 42.121(a). We direct the parties to the Board's website for representative decisions relating to Motions to Amend among other topics. The parties may access these representative decisions at: http://www.uspto.gov/ip/boards/bpai/representative_orders_and_opinions.jsp.

4. Discovery Disputes

The Panel encourages parties to resolve disputes relating to discovery on their own and in accordance with the precepts set forth in 37 C.F.R. § 42.1(b). To the extent that a dispute arises between the parties relating to discovery, the parties shall meet and confer to resolve such a dispute before contacting the Board. If attempts to resolve the dispute fail, a party may request a conference call with the Board and the other party in order to seek authorization to move for relief.

IPR2016-01000 (Patent 9,038,656 B2)

IPR2016-01003 (Patent 8,261,761 B2)

In any request for a conference call with the Board to resolve a discovery dispute, the requesting party shall: (a) certify that it has conferred with the other party in an effort to resolve the dispute; (b) identify with specificity the issues for which agreement has not been reached; (c) identify the precise relief to be sought; and (d) propose specific dates and times at which both parties are available for the conference call.

5. Depositions

The parties are advised that the Testimony Guidelines appended to the Office Patent Trial Practice Guide, 77 Fed. Reg. 48,756, 48,772 (Aug. 14, 2012) (Appendix D), apply to these proceedings. The Board may impose an appropriate sanction for failure to adhere to the Testimony Guidelines.

37 C.F.R. § 42.12. For example, reasonable expenses and attorneys' fees incurred by any party may be levied on a person who impedes, delays, or frustrates the fair examination of a witness.

Whenever a party submits a deposition transcript as an exhibit in these proceedings, the submitting party shall file the full transcript of the deposition rather than excerpts of only those portions being cited. After a deposition transcript has been submitted as an exhibit, all parties who subsequently cite to portions of the transcript shall cite to the first-filed exhibit rather than submitting another copy of the same transcript.

6. Cross-Examination

Except as the parties might otherwise agree, for each due date—

- a. Cross-examination begins after any supplemental evidence is due.

37 C.F.R. § 42.53(d)(2).

IPR2016-01000 (Patent 9,038,656 B2)

IPR2016-01003 (Patent 8,261,761 B2)

- b. Cross-examination ends no later than a week before the filing date for any paper in which the cross-examination testimony is expected to be used. *Id.*

7. *Motion for Observation on Cross-Examination*

A motion for observation on cross-examination provides the parties with a mechanism to draw the Board's attention to relevant cross-examination testimony of a reply witness because no further substantive paper is permitted after the reply. *See* Office Patent Trial Practice Guide, 77 Fed. Reg. 48,756, 48,768 (Aug. 14, 2012). The observation must be a concise statement of the relevance of precisely identified testimony to a precisely identified argument or portion of an exhibit. Each observation should not exceed a single, short paragraph. The opposing party may respond to the observation. Any response must be equally concise and specific.

B. DUE DATES

This order sets due dates for the parties to take action after institution of these proceedings. The parties may stipulate to different dates for DUE DATES 1 through 5 (earlier or later, but no later than DUE DATE 6). A notice of the stipulation, specifically identifying the changed due dates, must be promptly filed. The parties may not stipulate to an extension of DUE DATES 6 and 7.

In stipulating to different times, the parties should consider the effect of the stipulation on times to object to evidence (37 C.F.R. § 42.64(b)(1)), to supplement evidence (37 C.F.R. § 42.64(b)(2)), to conduct cross-examination (37 C.F.R. § 42.53(d)(2)), and to draft papers depending on the evidence and cross-examination testimony (*see* section B, below).
