Mike – good talking with you just now. Here is the email that we sent you. This should be something that you and I can work out quickly. Please confirm by the end of the day that GPSNA will agree to de-designate the Lewis transcript 28:11-29:6 and 38:10-17 as nonconfidential. Otherwise please let us know when you and Norma are available today to meet and confer. Best, Alan

Dear Counsel,

Pursuant to Paragraph 19 of the Stipulated Protective Order (Dkt. 36), we write to respectfully request de-designation of the following portions of the deposition transcript of Todd Lewis: 28:11-29:6, 38:10-17.

These passages discuss how GPS North America was merged with SkyBitz. PerDiem does not believe there is any good-faith basis to treat this information as confidential, given that the merger of GPS North America and SkyBitz is already reflected in numerous public press releases available online. *See, e.g.,* <http://www.skybitz.com/local-fleets/news-events/press-releases/id/154/skybitz-a-telular-company-enters-agreement-to-acquire-reltima-and-gps-north-america> (“**SkyBitz**®, the leader in remote asset tracking and information management solutions, today announced that it has entered into a definitive agreement to acquire Reltima and GPS North America . . .”) Because there is no good-faith basis to treat this information as confidential, the passages at Lewis Dep. 28:11-29:6 and 38:10-17 should be de-designated.

Please let us know, by close of business tomorrow, whether you will agree to de-designate these passages. If you do not agree to de-designate these passages, please provide your position on why you believe these passages deserve confidentiality protection, so that PerDiem can accurately state your position when seeking relief from the Court.

Best regards,
Kevin
