SCHEDULING ORDER
37 C.F.R. § 42.5

A. GENERAL INSTRUCTIONS

1. *Initial Conference Call*

An initial conference call is optional; the parties are directed to contact the Board within a month of this decision to schedule an initial conference call only if there is a need to discuss proposed changes to this Scheduling Order or proposed motions. The parties are directed to the Office Patent Trial Practice Guide, 77 Fed. Reg. 48,756, 48,765–66 (Aug.

14, 2012) for guidance in preparing for the initial conference call, and should be prepared to discuss any proposed changes to this Scheduling Order and any motions the parties anticipate filing during the trial.

2. *Protective Order*

A protective order does not exist in this proceeding unless the parties file one and the Board approves it. If either party files a motion to seal before entry of a protective order, a jointly proposed protective order should be presented as an exhibit to the motion. We encourage the parties to adopt the Board's default protective order if they conclude that a protective order is necessary. *See* Default Protective Order, Office Patent Trial Practice Guide, 77 Fed. Reg. 48,756, App. B (Aug. 14, 2012). If the parties choose to propose a protective order deviating from the default protective order, they must submit the proposed protective order jointly along with a marked-up comparison of the proposed and default protective orders showing the differences.

The Board has a strong interest in the public availability of the proceedings. We advise the parties that redactions to documents filed in this proceeding should be limited strictly to isolated passages consisting entirely of confidential information, and that the thrust of the underlying argument or evidence must be clearly discernible from the redacted versions. We also advise the parties that information subject to a protective order will become public if identified in a final written decision in this proceeding, and that a motion to expunge the information will not necessarily prevail over the public interest in maintaining a complete and understandable file history. *See* Office Patent Trial Practice Guide, 77 Fed. Reg. at 48,761.

3. Motions to Amend

Patent Owner may file a motion to amend without prior authorization from the Board. Nevertheless, Patent Owner must confer with the Board before filing such a motion. *See* 37 C.F.R. § 42.121(a). Patent Owner should arrange for a conference call with the panel and opposing counsel at least one week before DUE DATE 1 in order to satisfy the conferral requirement. We direct the parties to the Board's website for representative decisions relating to Motions to Amend among other topics. The parties may access these representative decisions at:

http://www.uspto.gov/ip/boards/bpai/representative_orders_and_opinions.jsp.

4. Discovery Disputes

The panel encourages parties to resolve disputes relating to discovery on their own and in accordance with the precepts set forth in 37 C.F.R. § 42.1(b). To the extent that a dispute arises between the parties relating to discovery, the parties shall meet and confer to resolve such a dispute before contacting the Board. If attempts to resolve the dispute fail, a party may request a conference call with the Board and the other party in order to seek authorization to move for relief.

5. Depositions

The parties are advised that the Testimony Guidelines appended to the Office Patent Trial Practice Guide, 77 Fed. Reg. 48,756, 48,772 (Aug. 14, 2012) (Appendix D), apply to this proceeding. The Board may impose an appropriate sanction for failure to adhere to the Testimony Guidelines. 37 C.F.R. § 42.12. For example, reasonable expenses and attorneys' fees incurred by any party may be levied on a person who impedes, delays, or frustrates the fair examination of a witness.

Whenever a party submits a deposition transcript as an exhibit in this proceeding, the submitting party shall file the full transcript of the deposition rather than excerpts of only those portions being cited. After a deposition transcript has been submitted as an exhibit, all parties who subsequently cite to portions of the transcript shall cite to the first-filed exhibit rather than submitting another copy of the same transcript.

6. Cross-Examination

Except as the parties might otherwise agree, for each due date—

1. Cross-examination begins after any supplemental evidence is due. 37 C.F.R. § 42.53(d)(2).

2. Cross-examination ends no later than a week before the filing date for any paper in which the cross-examination testimony is expected to be used. *Id.*

7. Motion for Observation on Cross-Examination

A motion for observation on cross-examination provides the parties with a mechanism to draw the Board's attention to relevant cross-examination testimony of a reply witness because no further substantive paper is permitted after the reply. *See* Office Patent Trial Practice Guide, 77 Fed. Reg. 48,756, 48,768 (Aug. 14, 2012). The observation must be a concise statement of the relevance of precisely identified testimony to a precisely identified argument or portion of an exhibit. Each observation should not exceed a single, short paragraph. The opposing party may respond to the observation. Any response must be equally concise and specific.

B. DUE DATES

This order sets due dates for the parties to take action after institution of the proceeding. The parties may stipulate to different dates for DUE DATES 1 through 5 (earlier or later, but no later than DUE DATE 6). A notice of the stipulation, specifically identifying the changed due dates, must be promptly filed. The parties may not stipulate to an extension of DUE DATES 6 and 7.

In stipulating to different times, the parties should consider the effect of the stipulation on times to object to evidence (37 C.F.R. § 42.64(b)(1)), to supplement evidence (37 C.F.R. § 42.64(b)(2)), to conduct cross-examination (37 C.F.R. § 42.53(d)(2)), and to draft papers depending on the evidence and cross-examination testimony.

1. DUE DATE 1

The patent owner may file—

- a. A response to the petition (37 C.F.R. § 42.120), and
- b. A motion to amend the patent (37 C.F.R. § 42.121).

The patent owner must file any such response or motion to amend by DUE DATE 1. If the patent owner elects not to file anything, the patent owner must arrange a conference call with the parties and the Board. The patent owner is cautioned that any arguments for patentability not raised in the response will be deemed waived.

2. DUE DATE 2

The petitioner must file any reply to the patent owner's response and opposition to the motion to amend by DUE DATE 2.
