Warranty

LIMITED WARRANTY

WHAT IS COVERED

The manufacturer warrants to the original buyer only, that this product will be free from defects in material and workmanship for a period of one (1) year from date of purchase. The manufacturer's sole obligation and the buyer's exclusive remedy under this limited warranty shall be the repair or replacement of parts, without charge, which are defective in material or workmanship. Any parts as determined by the manufacturer which have been misused; abused or damaged either directly or indirectly from repairs or alterations attempted by unauthorized persons; improper maintenance, neglect or accident are not covered by this limited warranty. This warranty does not apply to damage, heat-induced coloration changes, scratching or alteration due to normal use or weathering. To make a claim under this Limited Warranty, you must return the complete product with proof of purchase, transportation prepaid, to any authorized service center. Contact the Customer Service Team at 1-877-527-0313 or visit www.hamptonbay.com.

WHAT IS NOT COVERED

This limited warranty does not apply to accessory or consumable items, including batteries, related to this product. All implied warranties shall be limited in duration to one year from date of purchase. In no event shall the manufacturer be liable for any incidental or consequential damages, including but not limited to liability for loss of profits, arising from the sale or use of this product. If any provision of this Limited Warranty is for any reason held to be invalid or unenforceable, such provision shall not affect any other provision herein, this Limited Warranty shall be construed as if such invalid and/or unenforceable provision had never been contained herein.

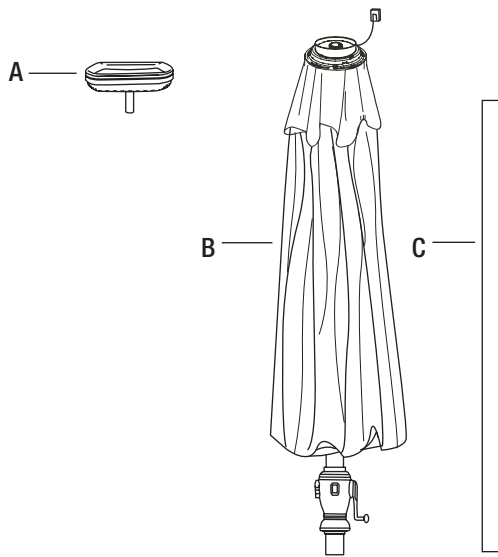

This Warranty contains the entire agreement between the manufacturer and the buyer and supersedes any and all

PACKAGE CONTENTS

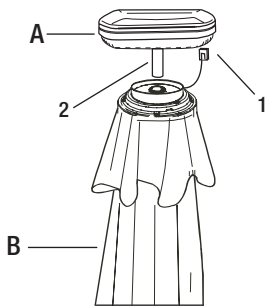

Part	Description	Quantity
A	Solar panel/battery compartment	1
B	Solar umbrella assembly	1
C	Umbrella pole	1

Assembly

1 Attaching the solar panel

- Position the solar panel (A) on top of the umbrella (B).
- Insert the connector plug (1) attached to the umbrella into the receptacle located on the back of the solar panel (A).
- Insert the solar panel stem (2) into the top of the umbrella. Turn the solar panel (A) clockwise to lock and secure.

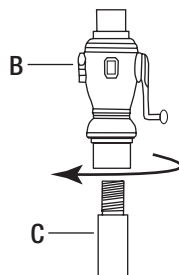

2 Attaching the umbrella to the umbrella pole

- Carefully thread the umbrella pole (C) into the solar umbrella assembly (B). Twist clockwise to tighten.
- Place the umbrella upright into an umbrella stand (not included).

CAUTION: Do not insert the end of the umbrella pole into the ground. The solar umbrella is designed to be used with an umbrella stand (not supplied).

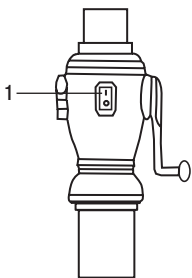

Operation

1 Turning on the solar lights

- Once the batteries are fully charged, place the power switch (1) to the ON "1" position.
- Refer to the section entitled "Charging the batteries" on page 5.

NOTE: Set the switch to the off "0" position when solar lights are not needed.

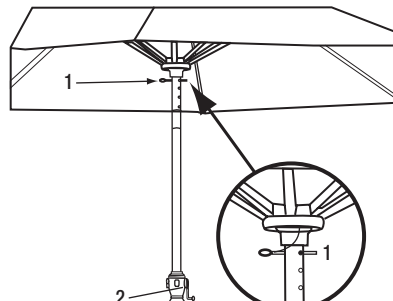

2 Adjusting the umbrella up or down

- Using the crank handle (2), raise the umbrella to desired height. Turn the crank handle (2) clockwise to open the umbrella.
- Insert the locking pin (1) through both adjustment holes to secure.

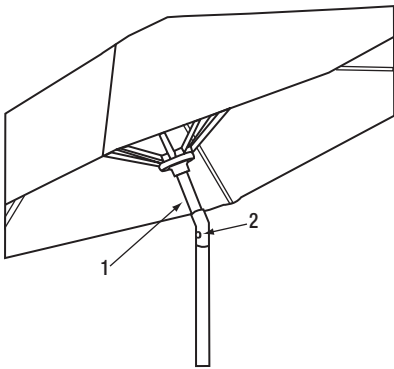

NOTE: Select adjustment holes immediately below the base of the umbrella.

Operation (continued)

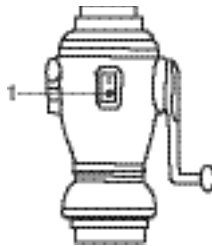

3 Adjusting the umbrella tilt angle

- Hold the umbrella pole (1) above the tilt button, and press the tilt button (2) inward.
- With the tilt button pushed inward, move the umbrella to the desired position, then release the button to lock in place.

4 Charging the batteries

- Verify that the power switch (1) is in the OFF "O" position.
- Place the fully assembled solar umbrella in full sun, away from streetlights or other light sources where it will receive direct sunlight for at least 8 hours per day.

NOTE: The rechargeable batteries are preinstalled from the factory. Before operating, the batteries need to be fully charged. The batteries require at least 8-hours of full sunlight to charge.

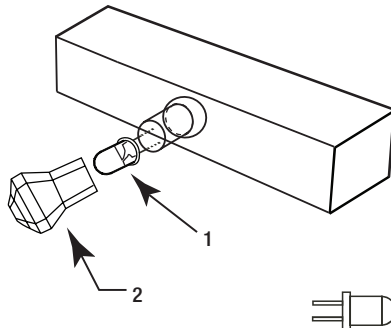

NOTE: The number of hours light is illuminated is directly proportional to the number of hours of sunlight it receives. The solar panels cannot recharge the batteries if light is obstructed.

Maintenance

1 Replacing the LED lights

- Set the ON/OFF switch to the OFF "O" position.
- Remove the locking pin located on the umbrella pole and turn the crank handle counterclockwise to close the solar umbrella.
- Lift the umbrella fabric just enough to uncover the bad LED (1).
- Pull the LED cover (2) downward until the LED is exposed completely.
- Hold the bad LED and gently pull outward to remove.
- Insert the new LED into the terminal stem until it tightens.
- Insert the LED terminal stem (2) back into the umbrella rib. Reassemble the umbrella cover.
