Patent 8,233,250 B2

On May 7, 2018, Patent Owner emailed the Board indicating that, pursuant to a discussion at the May 1, 2018 oral hearing, both parties intend to withdraw all motions to exclude in the above listed cases. Ex. 3005. The next day, Patent Owner sent another email indicating that, pursuant to a similar discussion in a April 30, 2019 pre-hearing call, which was continued during the hearing, it will not seek to maintain confidentiality over the materials filed under seal in these cases and requests the redacted materials be expunged from the record and the materials marked confidential be made available to the public. Ex. 3006. In response to this second email, Petitioner indicated in an email requesting its motions to seal in these cases be withdrawn. Ex. 3007.

To maintain clarity of the records in these cases, we instruct the parties to file official notice of the intentions set forth in their emails to the Board. The parties are authorized to either make separate filings or to file one joint notice. Once such notice has been filed, the panel will modify the record accordingly, for example by expunging the relevant papers.

Accordingly, it is

ORDERED that the parties file official notice reflecting the intentions embodied in the emails to the Board discussed above.
