ORDER
Conduct of Proceeding on Remand
37 C.F.R. § 42.5

This case is before us on remand from the Federal Circuit. *Grit Energy Solutions, LLC, v. Oren Technologies, LLC,* 957 F.3d 1309 (Fed. Cir. 2020) ("Remand Decision"). A conference call was held on July 24, 2020, to discuss a procedure for remand.

During the call, the parties collectively proposed to file a joint brief of no more than 10 pages on or before August 28, 2020. The joint brief, as proposed by the parties, would identify portions of previously filed briefs that address issues raised in the Remand Decision.

We find that the parties' joint proposal would aid in the "just, speedy, and inexpensive resolution" of this proceeding. *See* 37 C.F.R. § 42.1(b). Accordingly, we authorize the parties to file a joint brief to identify portions of previously filed briefs that address issues raised in the Remand Decision. The parties are not authorized to file additional evidence or present new arguments.

Accordingly, it is

ORDERED that on or before August 28, 2020, the parties may file a joint brief of no more than 10 pages identifying, without further argument, where in the prior briefing the parties addressed issues raised in the Remand Decision.
