NEIL T. POWELL, *Administrative Patent Judge.*

DECISION  
Motions to Seal  
*37 C.F.R. §§ 42.14 and 42.54*

IPR2017-01232

Patent 9,303,501 B2

Patent Owner filed an unopposed Motion to Seal. Paper 14. With the Motions to Seal, Patent Owner filed a proposed protective order as Paper 15. Patent Owner's Motions to Seal persuades us that the information that Patent Owner seeks to seal constitutes confidential information and that good cause exists for sealing the information that the parties request to be sealed. *See* 37 C.F.R. § 42.54. Additionally, we determine that the parties' proposed protective order is acceptable.

It is therefore

ORDERED that Patent Owner's Motion to Seal is *granted*; and

FURTHER ORDERED that the proposed protective order filed as Paper 15 is entered in this proceeding.
