

UNITED STATES PATENT AND TRADEMARK OFFICE

BEFORE THE PATENT TRIAL AND APPEAL BOARD

AMAZON.COM, INC. and AMAZON WEB SERVICES, INC.,
Petitioners,

v.

AVAGO TECHNOLOGIES GENERAL IP (SINGAPORE) PTE. LTD.,
Patent Owner.

Case IPR2017-01359
U.S. Patent 7,006,636

**JOINT MOTION BY PETITIONERS AND PATENT OWNER
TO DISMISS**

Pursuant to 35 U.S.C. § 314(b) and 37 C.F.R. § 42.71(b), Petitioners Amazon.com, Inc. and Amazon Web Services, Inc. (“Amazon”) and Patent Owner Avago Technologies General IP (Singapore) Pte. Ltd. (“Avago”) jointly request dismissal of the petition for *inter partes* review of U.S. Patent No. 7,006,636 (“the ‘636 Patent”), Case No. IPR2017-01359. The Board authorized the parties to file this Joint Request via email on October 24, 2017.

I. Dismissal Is Appropriate

Dismissal of this petition by the Board is appropriate. Amazon filed its petition on May 3, 2017. The Board has not made an institution determination nor conducted an oral hearing.

Amazon hereby withdraws its request for *inter partes* review of the challenged claims of the ‘636 Patent in IPR2017-01359, and requests that the Board dismiss IPR2017-01359. Avago joins Amazon’s request.

Motions to dismiss based on stipulation are routinely granted prior to an institution determination and the oral hearing timeframe.⁵ Accordingly, good cause

⁵ See, e.g., *Sony Corp. v. Avago Techs. General IP (Singapore) Pte. Ltd.*, IPR2017-00520 (PTAB June 22, 2017) (Paper 10 at 3); *Unified Patents Inc. v. Shipping & Transit, LLC*, IPR2017-00361 (PTAB Mar. 31, 2017) (Paper 9 at 3); *Microsemi Corp. v. e.Digital Corp.*, IPR2015-01120 (PTAB Aug. 19, 2015) (Paper 16 at 3).

exists to dismiss this proceeding based on stipulation as the Board has not yet conducted an oral hearing or otherwise resolved the merits of the petition.

Moreover, the parties have reached an agreement to settle all of their disputes concerning the '636 Patent. In the pending district court litigation regarding the '636 Patent, *Broadcom Corp. v. Amazon.com, Inc.*, Case 8:16-cv-01774-JVS-JCG (C.D. Cal.), the Court dismissed the case upon notification from the parties of a broader settlement of disputes between Broadcom and Amazon.⁶ As such, the parties have reached agreement to dismiss this *inter partes* review petition.

As set forth in 35 U.S.C. § 317 and 37 C.F.R. § 42.74, the agreement has been made in writing, and a true and correct copy has been filed as Exhibit 1012 to this motion as business confidential information pursuant to 35 U.S.C. § 317(b) and 37 C.F.R. § 42.74(b)-(c).

The parties hereby represent that Exhibit 1012 represents the only agreement made in connection with, or in contemplation of, the dismissal of this proceeding. All such agreements have been filed with the Board as required by § 317(b) and 37 C.F.R. § 42.74(b). There are no other “collateral agreements referred to in such agreement or understanding, made in connection with, or in contemplation of, the

⁶ Ex. 1011 (Dkt. No. 125).

termination of an inter partes review under this section,” as set forth in 35 U.S.C. § 317(b).

There are no proceedings regarding the ‘636 Patent pending before any other tribunal.

II. Conclusion

Amazon and Avago respectfully request dismissal of the petition for *inter partes* review of U.S. Patent No. 7,006,636, Case No. IPR2017-01359.

Respectfully Submitted,

Date: October 25, 2017
