### ON BEHALF OF THE PATENT OWNER:

ANISH DESAI, ESQUIRE

ELIZABETH S. WEISWASSER, ESQUIRE

WEIL GOTSHAL & MANGES, LLP

767 5th Avenue

New York, New York 10153-0119

The above-entitled matter came on for hearing on September 6, 2018, commencing at 10:10 a.m., at the U.S. Patent and Trademark Office Madison Building, 600 Dulany Street, Alexandria, Virginia, 22314.

Case IPR2017-01526 (Patent 7,476,652)

Case IPR2017-01528 (Patent 7,713,930)

1 (Proceedings begin at 10:10 a.m.)

2 JUDGE ANKENBRAND: Good morning, everyone. Today is  
3 our final hearing in IPR2017-10526 and IPR2017-01528 between  
4 petitioner Mylan Pharmaceuticals Inc. and patent owner  
5 Sanofi-Aventis Deutschland GmbH.

6 I'm Judge Ankenbrand. I'm joined today by Judge  
7 Franklin on my right and Judge Pollock on my left.

8 Counsel, can you please introduce yourselves and let  
9 us know who will be making the argument today? We'll start  
10 with petitioner Mylan.

11 MR. CARSTEN: Good morning. My name is Doug Carsten  
12 from Wilson Sonsini, and I'll be presenting the argument.

13 Also with me is lead counsel Jeff Guise, Rick  
14 Torczon, and Ellie Steiner. And we also have representatives  
15 from Mylan Pharmaceuticals Inc. here, Tom Jenkins and Matt  
16 (indiscernable)

17 .

18 JUDGE ANKENBRAND: Thank you, Mr. Carsten, and good  
19 morning.

20 And how about for patent owner? Who do we have  
21 today?

22 MR. DESAI: Good morning, Your Honors. Anish Desai  
23 here for patent owner. And with me is also lead counsel  
24 Elizabeth Weiswasser, and patent counsel Andrew Iskin (phonetic).

25 JUDGE ANKENBRAND: Okay.

1 MR. DESAI: We also have a client representative  
2 here, Stephanie Donahue.

3 JUDGE ANKENBRAND: Good morning to you.

4 Welcome, everyone. It's good to have you here  
5 today. We appreciate everyone making the effort to be here  
6 for the hearing, especially those coming from the West Coast.  
7 It's quite early.

8 We set forth a procedure for today's hearing in our  
9 trial order. Just to remind everyone, each party's going to  
10 have 60 minutes of total time to present arguments.

11 Petitioner has the burden of showing unpatentability  
12 and petitioner will go first, and then after that, Mr. Desai  
13 will proceed for patent owner.

14 Mr. Carsten, would you like to reserve any time for  
15 rebuttal?

16 MR. CARSTEN: Yes, Judge Ankenbrand. I'd like to  
17 reserve 20 minutes for rebuttal.

18 JUDGE ANKENBRAND: Okay. During your presentations,  
19 please remember to identify any demonstrative exhibits by  
20 reference -- or that you reference by either slide or screen  
21 number. This will help ensure the clarity and accuracy of  
22 our transcript.

23 One reminder. Objections should be made during your  
24 own argument time, not during opposing counsel's argument  
25 time, with one caveat: If anyone begins to discuss

1 information that is covered by the motions to seal and  
2 proposed protective order, any counsel can stand up and alert  
3 us to that, and we'll have to have a conversation about  
4 whether we need to continue down that road or whether we need  
5 to send some people out of the room that are not privy to  
6 that information. But we can cross that bridge if we come to  
7 it.

8 I'll try to give each counsel a warning when you're  
9 reaching the end of your argument time. Sometimes I forget  
10 to do that. But the numbers will be on the screen behind  
11 me, and there's also some lights that will tell you when  
12 you're entering -- getting close to the end, and then when  
13 you should finish your argument.

14 The last thing I want to remind the parties is that  
15 the hearing is open to the public, and a full transcript of  
16 the hearing will be made part of the record.

17 I think with that, we're ready to begin. So I'll  
18 just set the clock, and then you can start.

19 I'll start the clock whenever you're ready.

20 MR. CARSTEN: I'm ready. Thank you.

21 Good morning, and may it please the Board. My name  
22 is Doug Carsten, and I'm presenting on behalf of Mylan  
23 Pharmaceuticals Inc., the petitioner in two IPRs, these IPRs  
24 relating to two patents that block legitimate market  
25 competition and allows Sanofi to reap billions out of U.S.

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
