DECISION

Granting Joint Motion to Terminate
35 U.S.C. § 317(a); 37 C.F.R. § 42.72
Granting Request to Treat Settlement Documents
as Confidential Business Information
35 U.S.C. § 317(b); 37 C.F.R. § 42.74(c)

On January 12, 2018, we instituted trial on claims 1–13 (the “Challenged Claims”) of U.S. Patent No. 7,934,556 B2 (the “’556 patent”). Paper 16, 19 in IPR2017-01567 (instituting review of claims 1–3, 5, 7, 12, and 13); Paper 16, 20 in IPR2017-01774 (instituting review of claims 4, 6, and 8–11).¹ Pursuant to our authorization, on June 4, 2018, the parties filed a Joint Motion to Terminate Proceedings (Paper 28²; the “Joint Motion”) and a Joint Request to File Settlement Agreement as Business Confidential Information (Paper 26). Pursuant to 37 C.F.R. § 42.74(b), the parties also filed a true copy of their written settlement agreement (Ex. 2026).

In the Joint Motion, the parties indicate that they have reached an agreement regarding all of their disputes involving the ’556 patent.

Paper 28, 2. The parties represent that:

Other than as indicated in the [Settlement] Agreement, there are no written or oral agreements or understandings, including any collateral agreements, between the parties, including but not limited to licenses, covenants not to sue, confidentiality agreements, or other agreements of any kind, that are made in connection with, or in contemplation of, the termination of this proceeding.

Id.

Under 35 U.S.C. § 317(a), “[a]n *inter partes* review instituted under this chapter shall be terminated with respect to any petitioner upon the joint request of the petitioner and patent owner, unless the Office has decided the merits of the proceeding before the request for termination is filed.” The

² Paper 29 is the public version of the Joint Motion, filed on June 4, 2018. A confidential version was filed on June 1, 2018 as Paper 25.

parties indicate that termination is proper, “because this proceeding is still in its early stages, with the petitioner reply not due until June 25, 2018.”

Paper 28, 3. The parties further assert that they “are unaware of any other matter before the USPTO that would be affected by the outcome of this proceeding.” *Id.*

There are strong public policy reasons to favor settlement between the parties to a proceeding. *Office Patent Trial Practice Guide*, 77 Fed. Reg. 48,756, 48,768 (Aug. 14, 2012). When, as here, we have not rendered a Final Written Decision on the merits, we generally expect that the proceeding will terminate after the filing of a settlement agreement. *See id.*

Based on the preceding, we determine that it is appropriate to terminate these proceedings without rendering a Final Written Decision as to the patentability of the Challenged Claims of the ’556 patent.

Accordingly, it is:

ORDERED that the parties’ request that the settlement agreements (Ex. 2026 in each proceeding) be treated as business confidential information and kept separate from the file of U.S. Patent No. 7,934,556 B2, under the provisions of 35 U.S.C. § 317(b) and 37 C.F.R. § 42.74(c), is *granted*; and

FURTHER ORDERED that the Joint Motion to Terminate Proceedings is *granted*, and the proceedings in IPR2017-01567 and IPR2017-01774 are hereby terminated.
