## I. INTRODUCTION

1. I am making this declaration at the request of Apple Inc. in the matter of the *inter partes* review of U.S. Patent No. 9,245,314 (“the ‘314 Patent”) to Jannard, *et al.*

2. I am being compensated for my work in this matter at the rate of \$600/hour. I am also being reimbursed for reasonable and customary expenses associated with my work and testimony in this investigation. My compensation is not contingent on the outcome of this matter or the specifics of my testimony.

3. I have been asked to provide my opinions regarding whether claims 1-30 of the ‘314 Patent are unpatentable, either because they are anticipated or would have been obvious to a person having ordinary skill in the art (“POSITA”) at the time of the alleged invention, in light of the prior art. After careful analysis it is my opinion that all of the limitations of claims 1-30 would have been obvious to a POSITA.

4. In the preparation of this declaration, I have reviewed:
