INVALIDITY CONTENTIONS WITH RESPECT TO U.S. PATENT NO. 9,439,906**

[REDACTED]

**IX. THE CLAIMS OF THE '906 PATENT ARE RENDERED OBVIOUS BY THE PRIOR ART**

The asserted claims of the '906 patent would have been obvious to the skilled artisan in view of any of the below prior art combinations, further in combination with the knowledge of the ordinarily skilled artisan. These exemplary combinations are not intended to be limiting.

Application of the prior art to the claims is the subject of expert discovery. Teva reserves the right to rely on other combinations not listed here of the prior art identified above to support its contention that the claims of the '906 patent are invalid.
