"pleasant!
Amusement machine business
that provides

The biggest factor in the expansion of the pachislot and pachinko business market was the "fun" of attractive specifications and rich gameplay. We believe that it is our task and mission to continue to provide that "fun" to our users.

We will continue to provide "fun!" By providing attractive machines.

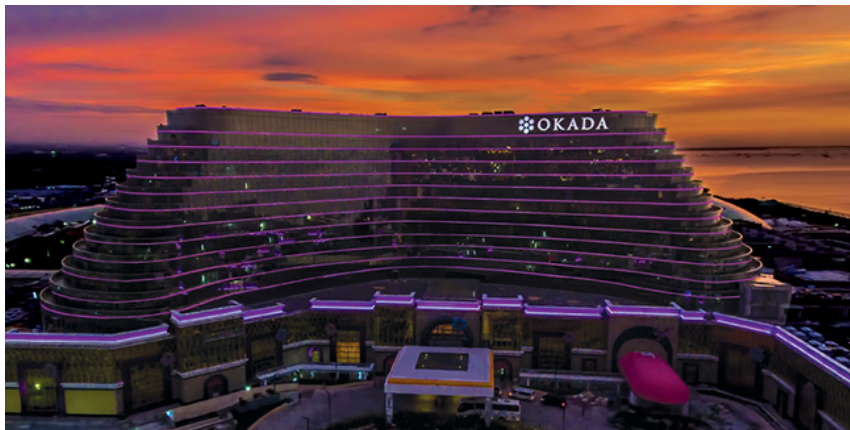

Peripherals that innovate hall operations

By incorporating the industry's first analysis function, we are developing the hall peripheral system "Falcon X" that enables us to devise more effective sales strategies, and the digital signage "Hot Stadium" equipped with a 15.1-inch LCD. I will.

In the peripheral equipment business, we always take the perspective of hall management and respond to various needs.
