Subject: April 2021 Order of Trials

**** EXTERNAL EMAIL ****

Counsel,

The Court has instructed me to advise you that with regard to the April 2021 trial settings, the order of trials will be as follows:

- (1) ***The Hillman Group, Inc. v. KeyMe, LLC*** (2:19-cv-209; 2:20-cv-70)
- (2) ***Gigamon Inc. v. Apcon, Inc.*** (2:19-cv-300)
- (3) ***Clear Imaging Research, LLC v. Samsung Electronics Co. Ltd. et al.*** (2:19-cv-326)
- (4) ***Oyster Optics LLC v. Infinera Corp. et al.*** (2:19-cv-257)

All cases are set (in the above order) for jury selection followed by trial on **April 5, 2021**. Should the first case not go forward for any reason, the next-highest case will go forward on April 5, 2021.

Additionally, there is a second trial setting on **April 19, 2021**. All cases not reached on the April 5, 2021 trial setting will be set (in the above order) for jury selection followed by trial on April 19, 2021. Should the first remaining case not go forward for any reason, the next-highest remaining case will go forward on April 19, 2021.

Any cases set for April 2021 that are not reached will be considered when the Court determines the order of trials for May 2021.

GREE Inc. v. Supercell Oy (2:19-cv-200, 237, 310, 311) is released from its current trial setting. The Court intends to specially set *GREE v. Supercell* for trial in May 2021. The Court anticipates setting two trial weeks in May, and will provide a jury selection date for *GREE v. Supercell* in the near future.

If you have questions, please advise and I will relay your questions to the Court. Please be sure the above information is shared with all members of your trial team and support staff.

All the best,

Lee Matalon
