Case No. 2:19-cv-00311-JRG-RSP

**ORDER**

Currently before the Court are Objections filed by the parties to the following orders and reports of the Magistrate Judge:

**I. OBJECTIONS AT DKT. NO. 208**

Defendant Supercell Oy previously filed a Motion to Strike Portions of GREE, Inc.’s Technical Expert Dr. Robert Akl Regarding Previously Undisclosed Infringement Opinions. (Dkt. No. 124.) Magistrate Judge Payne entered a Memorandum Order (Dkt. No. 191), denying Supercell’s motion. Supercell has now filed Objections (Dkt. No. 208), with Plaintiff GREE, Inc. filing a Response (Dkt. No. 221).

After reviewing the briefing on the motion, the Memorandum Order, and the briefing on Supercell’s Objections, the Court agrees with the reasoning provided within the Memorandum Order and concludes that the Objections fail to show that the Memorandum Order was clearly erroneous or contrary to law.

Consequently, the Court **OVERRULES** Supercell’s Objections (Dkt. No. 208) and **ADOPTS** Judge Payne’s Memorandum Order (Dkt. No. 191).

## II. OBJECTIONS AT DKT. NO. 211

Supercell previously filed a Motion for Partial Summary Judgment of No Infringement of U.S. Patent Nos. 9,079,107 and 9,561,439. (Dkt. No. 125.) Magistrate Judge Payne entered a Report and Recommendation (Dkt. No. 199), recommending denial of the motion. Supercell has now filed Objections (Dkt. No. 211), with GREE filing a Response (Dkt. No. 223.)

After conducting a *de novo* review of the briefing on the motion, the Report and Recommendation, and the briefing on Supercell's Objections, the Court agrees with the reasoning provided within the Report and Recommendation and concludes that the Objections fail to show that the Report and Recommendation was erroneous. Consequently, the Court **OVERRULES** Supercell's Objections and **ADOPTS** the Report and Recommendation and orders that the Motion for Partial Summary Judgment of No Infringement of U.S. Patent Nos. 9,079,107 and 9,561,439 (Dkt. No. 125) is **DENIED**.

## III. OBJECTIONS AT DKT. NO. 235

Supercell previously filed a Motion for Summary Judgment of Invalidity for Failure to Claim Patent-Eligible Subject Matter Under 35 U.S.C. § 101. (Dkt. No. 126.) Magistrate Judge Payne entered a Report and Recommendation (Dkt. No. 230), recommending grant-in-part of Supercell's motion. Supercell has now filed Objections. (Dkt. No. 235.)

After conducting a *de novo* review of the briefing on the motion, the Report and Recommendation, and the briefing on Supercell's Objections, the Court agrees with the reasoning provided within the Report and Recommendation and concludes that the Objections fail to show that the Report and Recommendation was erroneous. Consequently, the Court **OVERRULES** Supercell's Objections and **ADOPTS** the Report and Recommendation and orders that the Motion

for Summary Judgment of Invalidity for Failure to Claim Patent-Eligible Subject Matter Under 35 U.S.C. § 101 (Dkt. No. 126) is **GRANTED-IN-PART**.

#### **IV. OBJECTIONS AT DKT. NO. 240**

Supercell previously filed a Motion for Leave to Amend Invalidity Contentions and Expert Reports. (Dkt. No. 168.) Magistrate Judge Payne entered a Memorandum Order (Dkt. No. 238), granting Supercell's motion. GREE has now filed Objections. (Dkt. No. 240.)

After reviewing the briefing on the motion, Judge Payne's Memorandum Order, and the briefing on GREE's Objections, the Court agrees with the reasoning provided within the Memorandum Order and concludes that the Objections fail to show that the Memorandum Order was clearly erroneous or contrary to law.

Consequently, the Court **OVERRULES** Supercell's Objections (Dkt. No. 240) and **ADOPTS** Judge Payne's Memorandum Order (Dkt. No. 238).

#### **V. OBJECTIONS AT DKT. NO. 224**

On March 10, 2021, Magistrate Judge Payne overruled GREE's objection to Supercell's trial exhibit DX-0130, and preadmitted the exhibit. On April 23, 2021, GREE requested reconsideration of the preadmission of DX-0130. GREE has now filed Objections (Dkt. No. 224), with Supercell filing a Response (Dkt. No. 228). Judge Payne also has now reconsidered the preadmission of DX-0130 and confirmed that the preadmission proper (Case No. 2:19-cv-00200-JRG-RSP, Dkt. No. 269 at 11–13).

After reviewing the briefing on GREE's Objections, the Transcript of Proceedings held on March 10, 2021 (Case No. 2:19-cv-00200-JRG-RSP, Dkt. No. 251), and Judge Payne's Order, the Court agrees with the reasoning provided within the Order and concludes that the Objections fail to show that the Memorandum Order was clearly erroneous or contrary to law.

Consequently, the Court **OVERRULES** GREE's Objections (Dkt. No. 224).

**So ORDERED and SIGNED this 29th day of April, 2021.**
