IPR2021-00483 (Patent 8,769,440 B2)
IPR2021-00484 (Patent 8,549,410 B2)
IPR2021-00485 (Patent 8,549,411 B2)

1 PROCEEDINGS

2 - - - - -

3 JUDGE QUINN: Welcome everyone. We are here for
4 the hearing on Twitter, Inc. and Google LLC versus B.E.
5 Technology, LLC. There are four cases together but I'll
6 start with the lowest numbered case, IPR2021-482, - 483,
7 -484, and -485. With me are Judges Iftikhar Ahmed and Neil
8 Powell. And I am joining you from the Dallas, Texas Regional
9 Office.

10 Before we start, just a quick reminder that if you
11 are not speaking, please mute yourself. If there is a
12 technical difficulty, please try to alert us so that we can
13 find an alternative form of communication. And we should not
14 have, as you know, speaking objections. We only allow you to
15 speak when it is your turn.

16 Also, because this hearing is scheduled to go for
17 over two hours, we are planning on taking a break after the
18 petitioner's case-in-chief and we will take a ten-minute
19 break at that time, so let's plan accordingly. And at this
20 point I'd like to know who is making an appearance for
21 petitioner?

22 MR. McCOMBS: Hello, Your Honors. I'm David
23 McCombs, lead counsel for petitioner Twitter and Google in the
24 482 and 483 proceedings. I'm accompanied by Andrew Baluch who
25 is lead counsel in the '484 and '485 proceedings. Our counsel

IPR2021-00482 (Patent 8,769,440 B2)
IPR2021-00483 (Patent 8,769,440 B2)
IPR2021-00484 (Patent 8,549,410 B2)
IPR2021-00485 (Patent 8,549,411 B2)

1 presenting today for petitioner will be Amy Greywitt and
2 Raghav Bajaj. Ms. Greywitt is our advocate participating in
3 the Board's legal experience and advancement program and has
4 submitted a LEAP verification form confirming her eligibility
5 for the program. Ms. Greywitt will begin and cover our
6 presentation through claim construction and then be followed
7 by Mr. Bajaj. And by the way, plaintiff counsel will be
8 reserving 20 minutes for rebuttal argument.

9 JUDGE QUINN: Okay. So out of the 90 minutes you
10 want to reserve 20. So you will go for 70 minutes on your
11 case-in-chief?

12 MR. McCOMBS: That's correct.

13 JUDGE QUINN: Okay. Thank you for that, Mr.
14 McCombs.

15 And now who do we have for patent owner?

16 MR. DeVINCENZO: This is Mike DeVincenzo from King
17 Wood Mallesons. I will be addressing claim 1 with respect to
18 each of the petitions. With me is Charles Wizenfeld. He will
19 be addressing claim 25 for each of the petitions. And also on
20 the phone is Andrea Pacelli who is lead counsel on all the
21 petitions and he's going to be observing. And we'll be
22 reserving eight minutes for surrebuttal. I'm sorry.

23 JUDGE QUINN: Okay. And you can update that time
24 if you want to do that after the case-in-chief is over and we
25 ask you when it's your turn. Okay?

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
