Dispersive Networks, Inc. v. Nicira, Inc.

PGR2018-00063

USPN 9,722,815

Dear Board,

PTABE2E has been unavailable during normal business hours today, August 15, 2018, and PTABE2E currently remains unavailable.

Today is the deadline for Petitioner to file a sur-reply to Patent Owner's Reply in PGR2018-00063 regarding a motion by Patent Owner for additional discovery. The sur-reply is ready for filing and today the sur-reply was served via email on opposing counsel. Opposing counsel also is copied on this email notifying the Board of such service.

Petitioner will endeavor to check PTABE2E again shortly before midnight. If PTABE2E is found to be available, then Petitioner will attempt to file the sur-reply before midnight. If Petitioner is unable to file the sur-reply before midnight, then Petitioner will file a motion tomorrow--or on the next day that PTABE2E is available--requesting acceptance of the sur-reply with an accorded filing date of today the date of the certificate of service. This is believed to be in accordance with the Board's instructions published on the PTAB website, the instructions provided to the undersigned when the PTAB was contacted by phone, and 37 CFR 42.6(b).

Respectfully submitted,
TILLMAN WRIGHT, PLLC

/Chad D. Tillman/
