ERRATA TO
FINAL WRITTEN DECISION

On April 8, 2021, we entered a Final Written Decision (Paper 33, “Decision”). For reasons explained in a decision regarding Petitioner’s request for rehearing of the Decision, separately entered with this Errata, we modify the Decision as follows. In all other respects, the Decision is unchanged.

The text at page 31, line 17 through page 32, line 5, is modified as follows (with underlines to identify the modified text):

“As can be seen, the top curve varies back and forth between a minimum of about 8.65 kg and a maximum of about 9.15 kg, and the bottom curve varies back and forth between a minimum of about 7.70 kg and a maximum of about 8.35 kg. Thus, both envelopes are about 0.5–0.65 kg wide, which represents a 5.6–8.1% variation from the nominal 8–9 kg values being recorded here.”
