 - Software to enable uploading, posting, showing, displaying, tagging, blogging, sharing, or otherwise providing electronic media or information over the Internet or other communications networks;
 - Audio and video broadcasting services over the Internet or other communications networks, namely, uploading, posting, showing, displaying, tagging and electronically transmitting information, audio, and video clips; providing on-line chat rooms, listservers, and on-line forums for transmission of messages among computer users concerning user-defined content;

- Providing online chat rooms and electronic bulletin boards for registered users for transmission of messages concerning collegiate life, general interest, classifieds, virtual community, social networking, photo sharing, and transmission of photographic images; provision of on-line forums for the transmission of photographic images; provisions of on-line forums for communications on topics of general interest; and
- Online chat functions for transmission of messages, photographs, videos, and other user-defined content.
- 3. In addition to the common law rights Facebook owns in the FACEBOOK mark, it also owns the following federal registrations for marks comprised of or incorporating the FACEBOOK mark (collectively the "FACEBOOK Marks"):

Mark	Registration
FACEBOOK	3,881,770
FACEBOOK	3,122,052
FACEBOOK	3,041,791
FACEBOOK	3,734,637
FACEBOOK	3,814,888
FACEBOOK	3,801,147
FACEBOOK	4,491,419
FACEBOOK	4,471,161
FACEBOOK	4,339,123
facebook	3,935,447
facebook	4,129,126
facebook	4,099,518
facebook	4,102,822
facebook	4,102,823
facebook	4,102,824

- 4. True and correct copies of registrations for the above FACEBOOK Marks are attached hereto as **Exhibit A** and are incorporated by reference as though fully set forth herein.
- 5. The FACEBOOK Marks are highly distinctive with regard to social media, electronic publications, and online networking goods and services, among others. Moreover, through Facebook's widespread use of the FACEBOOK Marks, extensive and continuous media coverage, the high degree of consumer recognition of the FACEBOOK Marks, Facebook's enormous and loyal user base, its numerous trademark registrations and pending applications, and other factors, the FACEBOOK Marks have become famous within the meaning of Section 43(c) of the United States Trademark Act, 15 U.S.C. § 1125(c).
- 6. On November 3, 2019, Applicant filed the Subject Application on the basis of Applicant's bona fide intent to use the mark in commerce pursuant to 15 U.S.C. § 1051(b).
- 7. On March 24, 2020 the United States Patent and Trademark Office published the Subject Application in the Official Gazette in connection with the "Internet-based social networking services; online social networking services" in International Class 45.

FIRST GROUND FOR OPPOSITION: LIKELIHOOD OF CONFUSION

- 8. Facebook incorporates by reference Paragraphs 1 through 7, inclusive, as if fully set forth herein.
- 9. Facebook began using the FACEBOOK Marks at least as early as February 2004, and filed applications resulting in federal registrations for the FACEBOOK Marks well prior to when Applicant filed the Subject Application and, on information and belief, well prior to any actual use of Applicant's Mark, if any such use has been made.
 - 10. The FACEBOOK Marks are strong and famous.

- 11. Applicant's Mark is highly similar in sight, sound, and commercial impression to the FACEBOOK Marks. The second half of the literal element of Applicant's Mark, DOGBOOK, is identical to the FACEBOOK Marks.
- 12. Applicant's internet-based and on-line social networking services in International Class 45 are identical or highly related to Facebook's goods and services.
- 13. On information and belief, Applicant's services will be offered through the same channels of trade or in the same manner as Facebook's goods and services.
- 14. On information and belief, Applicant filed the Subject Application with knowledge of and intent to call to mind, create an association with regard to, and/or trade off the fame of Facebook and the FACEBOOK Marks.
- 15. Applicant's Mark, and materials used to promote it, if any, suggest an affiliation or connection between Applicant and Facebook where none exists.
- 16. Facebook is not affiliated or connected with Applicant or Applicant's services, nor has Facebook endorsed or sponsored Applicant or Applicant's services.
- 17. Facebook has no control over the nature and quality of the services that are, and/or will be, offered under Applicant's Mark, and the value of Facebook's FACEBOOK Marks would be jeopardized by the registration of Applicant's Mark. Because of the likelihood of confusion between the parties' marks, any defects, improprieties, or faults found with Applicant's services marketed under Applicant's Mark would negatively reflect upon Facebook and injure the reputation that Facebook has established for the goods and services it offers in connection with the FACEBOOK Marks.

18. Registration of Applicant's Mark in connection with the applied-for services will damage Facebook because Applicant's Mark is likely, when used on or in connection with such services, to cause confusion, cause mistake, or deceive relevant consumers.

SECOND GROUND FOR OPPOSITION: DILUTION OF A FAMOUS MARK

- 19. Facebook incorporates by reference Paragraphs 1 through 18, inclusive, as if fully set forth herein.
- 20. The FACEBOOK Marks are inherently distinctive in relation to goods and services for online networking and sharing.
- 21. Facebook has used the FACEBOOK trademarks since at least as early as 2004 in connection with goods and services related to online networking and has expanded use of the FACEBOOK Marks to many other goods and services since that time.
- 22. Facebook is the owner of numerous U.S. registrations for the FACEBOOK Marks.
- 23. Facebook has continuously used the FACEBOOK Marks throughout the United States.
- 24. As a result of the enormous publicity afforded the FACEBOOK Marks, and the strong and loyal base of customers who enjoy Facebook's goods and services, the FACEBOOK Marks have a high degree of consumer recognition, are widely recognized by the general consuming public of the United States as a designation of Facebook's goods and services, and are famous.
- 25. The FACEBOOK Marks became famous before Applicant applied to register Applicant's Mark on November 3, 2019 or before any use of Applicant's Mark by Applicant, to the extent there has been any use.

- 26. The degree of similarity between Applicant's Mark and the registered FACEBOOK Marks is so great as to be likely to cause an association between the Parties' respective marks that impairs the distinctiveness of the FACEBOOK Marks and weakens the connection in the public's mind between the FACEBOOK Marks and Facebook's goods and services.
- 27. Applicant's Mark is likely to cause dilution by blurring based on a number of relevant considerations, including:
- (a) Applicant's Mark is highly similar to the FACEBOOK Marks and shares a literal element with the FACEBOOK Marks;
- (b) The FACEBOOK Marks are inherently distinctive in relation to goods and services with which Facebook uses its marks;
- (c) Facebook has made substantially exclusive use of the FACEBOOK Marks in connection with social media, social networking goods and services, electronic publications, online chat functions, and a number of other goods and services;
 - (d) The FACEBOOK Marks are widely recognized by the general consuming public; and
- (e) On information and belief, Applicant selected and intends to use Applicant's Mark with the intention of creating an association with the FACEBOOK Marks.
- 28. Applicant's Mark is unregistrable in connection with the services identified in the Subject Application due to a likelihood of confusion with, and dilution of, the FACEBOOK Marks under 15 U.S.C. §§ 1052(d) and 1125(c).

Wherefore, Facebook prays that this Opposition be sustained, and that registration of the Subject Application be refused.
