EXHIBIT D

Application of U.S. Patent No. 9,167,0
to
LG Electronics

U.S. Patent No. 9,167,088 – Claim 14

[PRE] A method of providing a selective silencing in an electronic device, the method comprising:

[A] demodulating an incoming call signal from a calling party;

[B] detecting at least a portion of the incoming call signal to determine an identification of the incoming cal[
calling party; and

[C] in response to the determined identification of the incoming call, assigning a priority to the incoming sig
predefined scheme;

[D] wherein a higher priority call is forwarded to the electronic device for communication, and a remainder
voice mail without having the electronic device ring regardless of a time of receipt of the incoming call.

Claim 14	Application of U.S. Patent No. 9,167,088 to LGE
[A] demodulating an incoming call signal from a calling party; [B] detecting at least a portion of the incoming call signal to determine an identification of the incoming call signal from the calling party; and	When in Do Not Disturb mode, the Accused Products demodulate an incoming call calling party and detect at least a portion of the incoming call signal to determine ar of the incoming call signal from the calling party. For example, the Accused Produ whether an incoming call is from a "Contact" or a "Favorite." The Accused Produc call identification information (e.g., caller number, location, name).

DOCKET ALARM

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
