Appeals from the United States Patent and Trademark
Office, Patent Trial and Appeal Board in Nos. IPR2017-

ON MOTION

Before REYNA, *Circuit Judge*.

O R D E R

In these appeals from the Patent Trial and Appeal Board, Google LLC moves unopposed to waive Federal Circuit Rule 28(a)(11) in order to permit the filing of an addendum containing a declaration and other evidence that it contends support its standing to appeal attached to its opening brief.

Upon consideration thereof,

IT IS ORDERED THAT:

(1) The motion is granted to the extent that Google's principal brief and addendum are accepted for filing. The relevance of the addendum material, if any, will be left to the merits panel assigned to these appeals.

(2) A copy of this order shall be transmitted to the merits panel.
