Method Claims: 1

Non-Method Claims:

US6819539	HTC U11 (“The Accused Product”)
<p>1. A method for circuit recovery from overstress conditions, comprising the steps of:</p>	<p>The accused product discloses a method for circuit recovery from overstress voltage from its normal values).</p> <p>As shown below, the HTC U11 utilizes a Qualcomm Snapdragon 835 processor.</p>  <p>The screenshot shows the HTC U11 product page. At the top, the HTC logo is followed by navigation links: PRODUCTS, SHOP, VIVE, and SUPPORT. The product name 'HTC U11' is prominently displayed in green, with a red box around it, and '+ \$35 Voucher†' below it. A 'Select Carrier' section offers options for AT&T, Sprint, T-Mobile, Verizon, and an unlocked version (64GB and 128GB). A note states: '*The unlocked HTC U11 is compatible with AT&T, T-Mobile and Verizon Networks.' A 'Select Color' section shows four color swatches: red, blue, light blue, and black. On the right, a red HTC U11 smartphone is shown from the back, with its screen displaying the time 10:08 AM.</p>

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
