RE: Serial Number 76/170,770  
APPLICANT: Robert T. Carlson  
MARK: CARLSON

June 6, 2002

Dear Thomas M. Singman:

**Applicant has requested that certain goods/services remain in the original (parent) application. Please note that office procedure is to place in the child application those goods/services in condition to move forward towards registration. The reason for this procedure is that more than one child application may be created from the parent file and the ITU/Divisional Unit prefers to photocopy from original papers.**

The divisional request filed on May 10, 2002 has been completed. The goods in International Class 28 have been placed in the newly created child application, serial number 75/982,574. The goods in International Class 12 will remain in the original (parent) application, serial number 76/170,770.

If you have any other questions or concerns, please feel free to call the ITU/Divisional Unit at (703) 308-9550.
