NOTICE OF INCOMPLETE TRADEMARK APPLICATION

Issue date: November 12, 2021

This trademark application does not meet the minimum requirements for receiving a filing date for the reason(s) stated below. The serial number initially assigned to the application has been cancelled.

Under 37 C.F.R. §2.21(a), the USPTO will grant a filing date to an application under §1 or §44 of the Trademark Act that is in English and contains all of the following:

- (1) The name, address, and email address of each applicant;
- (2) If the applicant is represented by a qualified attorney, the attorney's name, postal address, and email address;
- (3) A clear drawing of the mark;
- (4) A listing of the goods or services; and
- (5) The filing fee for at least one class of goods or services.

In this case, the Office did not receive a filing fee for one class of goods or services with the application. The fee was originally charged to a credit card. However, the cardholder disputed the transaction charging the filing fee to the credit card and the fee was subsequently refunded to the cardholder.

Pursuant to 37 C.F.R. §2.6, the current application filing fees are as follows:

· \$250 per class for TEAS Plus applications filed electronically

Please note that the serial number assigned to this application has been cancelled.

You may file a new application containing all required element(s). The USPTO requires that new applications be filed using the Trademark Electronic Application System (TEAS), available over the Internet at <https://www.uspto.gov/>.

Please note that there is a \$50 fee for processing any payment refused (including a check returned unpaid) or charged back by a financial institution. 37 C.F.R. §2.6(b)(10). See TMEP §405.06. However, this is not a filing date requirement. If an applicant submits the filing fee without paying the processing fee, the USPTO will give the application a filing date as of the date of resubmission, and the examining attorney will require submission of the processing fee during examination. TMEP §202.03(a)(i).

Instructions for applications returned in error: If you believe this application was returned in error, you may file a request to restore the filing date.

First, you must re-file your application, including the required application filing fee, using the Trademark Electronic Application System (TEAS) located at <https://www.uspto.gov/teas/index.html>.

Next, after you re-file the application and receive a **new serial number**, submit your request to restore the original filing date using the Request to Restore Filing Date form, located at <https://www.uspto.gov/trademarks-application-process/filing-online/petition-forms>. This request should state the reasons why you believe the filing date was denied in error and must include (1) the new serial number and (2) a copy of this Notice of Incomplete Trademark Application. Although applicants have two months from the issue date of this notice to file the request, **it should be filed immediately upon receipt of the new serial number** to ensure that it will be processed in a timely manner.

If you have any questions, call the Trademark Assistance Center (TAC) at 1-800-786-9199, or send an email to TrademarkAssistanceCenter@uspto.gov. Visit the USPTO website at <https://www.uspto.gov/> for a list of trademark services available electronically.
